

Emergency Procedures and Numbers.

There are several types of emergencies that may happen on site like medical emergencies, natural emergencies (fire, flood etc), and criminal emergencies.

In the event of a **medical emergency**, the highest qualified first aider to take control of the situation and someone else to call for medical assistance on the below numbers.

In the event of **fire**, where appropriate, make sure of the supplied fire fighting equipment. Evacuations to be done to the closest Emergency Assembly Point as marked out on all exits. Await further instructions at the assembly points.

In the event of **criminal emergencies**, contact SAPS on the contact numbers below. Additionally, please make the manager on duty aware of any emergency.
